

WHY Custom?

FENCE, INC.

1. Custom Fence carries (2) colors in the maintenance free poly-vinyl fence system. White and sand available in all styles. Drift Gray, Redwood, Birchwood, Saddlewood, and Cypress available in ONLY dogwood. Call our office to see samples.

Advantage

Allows customer to better coordinate colors to match house or other landmarks.

2. Maintenance Free

Advantage

Maintenance free from rotting, rusting, corroding and chipping.

3. We handle top quality vinyl extrusions that offer a lifetime warranty.

Advantage

Worry free for a lifetime.

4. All gates are reinforced webbings inside on corners.

Advantage

Makes a strong, durable, top quality gate to last a lifetime.

5. All gate posts have stiffeners on the hinge and latch side.

Advantage

Adds strength and stability to fence.

6. All of Custom Fence's gate hardware is injection molded out of glass fiber.

Advantage

Maintenance free, no rust, no stain and hassle free.

7. Custom fence uses a galvanized steel master sleeve driven in every post not just the gate posts.

Advantage

No frost lifting posts, don't wobble, and are rated to 90 mph wind load vs. our competition; still sets them in concrete, leaving a weaker post max at 60 mph in wind- more wobble and susceptible for frost lift.

8. Custom Fence staffs only experienced installers.

Advantage

We have years of experience, which means a worry-free installation.

9. Custom Fence will find your survey stakes FREE OF CHARGE

Advantage

Saves you time and money.
